

LOST LAKE RCD – Lake Management

THE COVID-19 VIRUS HAS NOT STOPPED OUR LONG-RANGE PLANNING TO DREDGE THE LAKE

Over the past few months, the RCD Board has continued to plan for the dredging of our lake. We all recognize that dredging is needed now and a program to accommodate future dredging is necessary to keep our lake healthy. We have completed most of the planning and “Know Where We Are” (we have tons of silt to remove) and

“Where Do We Want To Go” (we have a place to move it). With the help and guidance of the community and the residents of the River Conservancy Taxing District, the RCD will now resolve the “How Do We Get There” (to pay for the project).

Very soon, the RCD Board will announce the date, time, and location for a community meeting to discuss our plan for meeting the budget requirements to start the program. Considering the present limitations imposed by the virus, we will take into consideration the safety of all concerned.

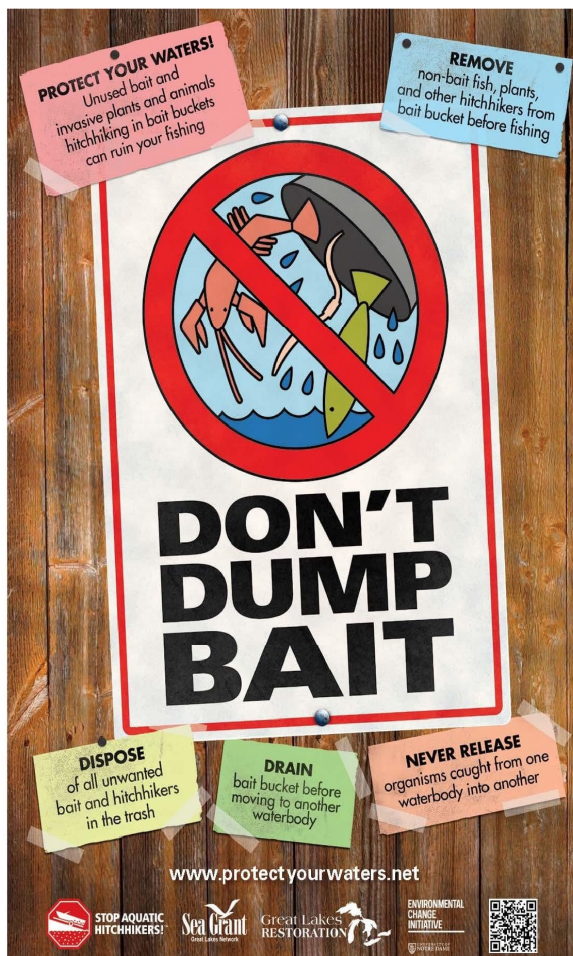

- Andy Warcaba, RCD Vice-President

Boat Rack Stickers Due June 30!

During the month of June, the RCD will take an inventory of the boats on the racks to ensure that everyone has current stickers. If you have a boat on the racks or want to put a boat on the racks and need a sticker, contact the RCD office by phone or email at Rebecca.miller@lostlakercd.org.

You can also visit our website at www.lostlakercd.org to download a boat sticker application. If you aren't storing your boat on the RCD racks, you'll need to apply for an ID sticker to use it on the lake (which is free of charge).

-Becky Miller, Administrative Manager

Courtesy Reminder:

1. Please be respectful and do not enter on to the lake to fish or boat from private property without the home owner's / land owner's permission. Otherwise, you may access the lake from RCD / POA property only.
2. Be sure to know and follow the creel limits. Creel limits are listed on our website at www.lostlakercd.org.
3. Keep social distancing in mind when entering public areas to access the lake for fishing and boating.

- Bill Winebaugh, President
