LOST LAKE

Fall, 2023

LAKE DREDGE UPDATE

Superior Seawalls will begin our anticipated lake dredging shortly after Labor Day of this year. This dredging project will take a few months to complete.

Homeowners along the shoreline will have the opportunity to have their shoreline area dredged at the homeowner's expense, after the major portion of the dredging is completed. Superior Seawalls is working on a plan for homeowners, and a notice will be issued once the details are available. **Stay tuned!**
